ARTIST INDEX

In this section of **Country Hit Albums**, we list every record that has hit the Country Top Ten albums chart from 11 January 1964 to 26 December 2015.

The information is presented alphabetically by artist's first name (instead of the surname), and then chronologically for each hit.

Each hit album is catalogued with the following information: date disc first hit the chart, title of hit, highest position the hit reached on the chart, and total number of weeks spent at #1.

The Heavy Edition also contains the total number of weeks spent on the chart.

Symbols:

- ① Number One Hit
- ▲ Top Three Hit

Collaborations:

We have credited collaborative hits under the entries of all the artists involved. So, for example, you will find Barbara Mandrell and Lee Greenwood's 1984 hit, "Meant For Each Other", listed twice - once under Lee Greenwood and once under Barbara Mandrell. The points of this hit are given to both artists.
